**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a senior citizen on a fixed income that values the affordable access I receive with my local provider. I work part time as a bookkeeper and need quick, affordable access to maintain my small business.

I am already receiving marketing materials from the big internet providers offering faster services for a bigger prices. They must be anticipating a big business friendly ruling from the FCC.

I want to keep my local provider. They are accessible when there is a problem and your can actually talk to a human being and get things resolved unlike the big providers that are fully stocked with robots.

Also I vote at every election, I expect my vote to count. When it doesn't I do everything I can to throw the bums out. So do your job and represent the needs of the people over the greed of the corporations. I'll be watching closely.
